Jacob

When will the world  
be good enough for you

Jacob

No one understands  
your point of view

"You wear too much makeup", He says  
Babe, is that true?

I'm not trying to cover up  
or hide from you [hide from you]

Chorus:

Cause I....

Try....

What do you want me to do?

Jacob

When will I be good enough for you  
Jacob

I changed my whole world for you  
"You should give up", He says  
"They always do"

And now i'm torn  
between the world i love  
And you [and you]

(Chorus)
