what i know

## what i know

Sweet memories
Hidden in these sad songs
And when I sing along
I feel you next to me

Sad melodies
Echo through these four walls
And when I sing along
I feel you next to me

Lovers come
And lovers go
Out of everything
This is what I know
They don't stay
they never do
Lovers come
And lovers
go, go, go

It was so lovely and now it feels like war what are we fighting for? I need you next to me

Now we're enemies no we aren't friends no more lets settle the score I need you next to me

Lovers come
And lovers go
Out of everything
This is what I know
They don't stay
they never do
Lovers come
And lovers
go, go, go

"da da da's"

Lovers come
And lovers go
Out of everything
This is what I know
They don't stay
they never do
Lovers come
And lovers
go, go, go

madi davis what i know

### smart

Green, blue, brown eyes
- staring across the room.
Blonde, black, brown hair
- what am I to do?
You wave at me, and I crack a smile.
You walk in my direction, I'm terrified.

#### Chorus:

I'm not ordinary, oh no sir, quite contrary. Big long words and numbers put together Make me sound smart.

#### Verse 2:

Talking so fast, it's like a race.
I'm trying so hard not to fall on my face.
You say something like "Weather's nice,"
And I say something like
"You could say that twice."

#### Chorus:

I'm not ordinary, oh no sir, quite contrary. Big long words and numbers put together Make me sound smart.

#### Bridge:

Smart, smart, smart.
Works of art, like Joan of Arc
Movies, stop to start
Magazines and pretty things
Models, Actors, Politicians
Cars and Cats and Horses
Roller Derby, Cop Shows
And Armed Forces,
Celebrity Divorces
Babe I know it all.

#### Chorus:

I'm not ordinary, oh no sir, quite contrary Big long words and numbers put together Make me sound smart.

I'm no hypnotizer
but I think you'd be fine with me.
Big long words and numbers put to
Make me sound smart.

Smart, smart, smart.

They make me sound smart.

## the chase

Oh Wo Oh's...

Call and text me all the time, I'll never reply. Why should I? You look so pretty at arms length, I would hate for us to break this fragile thing.

Every raincheck, every lie
Makes you wonder why you try.
But I know why, yes I know why.
Oh Wo Oh

It's all about the chase, In this human race. We want what we can't have, and when we've got it we give it back.

It's all about the chase, In this human race. We want what we can't have, Oh Wo Oh. Oh Wo Oh Oh Oh, Oh Woah Oh Oh, Woah Oh Woah Oh

Bring flowers to my door,
Say "I want nothing more,
then to be yours"
I won't bat a lash,
did you think that this would last?
Don't make me laugh, 'cause...

Every raincheck, every lie
Makes you wonder why you try.
But I know why, yes I know why.
Oh Wo Oh

It's all about the chase, In this human race. We want what we can't have, and when we've got it we give it back.

# cool girl (live)

Give up your ghost, We all wanna grow old. I'm falling apart, Like an old piece of art.

'Cause I'm not some cool girl, In a rock and roll band. I'm just a sad girl, with a guitar in her hand. Thats what I know... Will you love me even so?

Say what you mean, Words are everything. You've got me so tightly wound, Just hanging around.

'Cause I'm not some cool girl, In a rock and roll band. I'm just a sad girl, with a guitar in her hand. That's what I know... Will you love me even so?

ohhhh, When the lights go down, And we're all alone, Will you love me so? I gotta know.

'Cause I'm not some cool girl, In a rock and roll band. I'm just a sad girl, With a guitar in her hand. That's what I know... Will you love me even so?
